

(iv) The norms set by it for the discharge of its functions:

Since Settlement Operations are target oriented, targets are fixed on year-to-year basis and staff is required to achieve those targets. Patwari is required to measure and plot 120 Khasra Nos. per month and he has to do measurement work for a minimum of 20 days in a month. When weather is not suitable for measurement work, the Patwari prepares other record. The Kanungo inspects his work once in a week and Naib Tehsildar inspects his work once in a month. The Tehsildar is required to visit a patwari once in a quarter and inspect his work.
